or long term traditional therapies that

Is the air inside your car or home damaging your health?

Studies show that air pollution can be up to five times higher inside your car or home than outside1

Protect yourself and your loved ones As well as causing heart and lung disease², recent studies show that air pollution can lead to anxiety, depression3 and dementia4.

The brain development of children can also be affected, while exposure when pregnant can restrict a baby's growth5.

A good air day, every day

The AirBubbl from AirLabs removes more than 95% of air pollution and airborne viruses⁶, including coronavirus, and floods the space with clean air. Think of it as a mobile shield preventing physical and mental illness caused by poor air quality.

Visit airbubbl.com and start breathing clean air today.

Schraufnagel, MD et al. 3 Association between neighbourhood air pollution concentrations and dispensed medication for psychiatric disorders in a large longitudinal cohort of Swedish children and adolescents by Anna Oudin et al. 4 Are noise and air pollution related to the incidence of dementia? A cohort study in London, England by Iain M Carey et al. 5 Disparities in exposure to air pollution during pregnancy by Tracey J Woodruff et al. 6 IUTA certified.

Luxury soy wax, vegan friendly candles hand poured in Surrey

The Albert & Bear Candle Co. was created whilst the owner, Holly, was on maternity leave with her son Albert, and her dog Bear.

After learning that many standard paraffin wax candles were unsafe to burn around her newborn son due to their high toxicity and links to asthma, Holly researched alternatives and came across natural wax candles that produced a much cleaner burn and were safe to use around her family. Holly ultimately decided to make her own high-quality soy wax candles as an affordable alternative to current high street brands and the company was born.

Visit the albertandbearcandle.co.uk to shop and find out more or contact info@albertandbearcandle.co.uk and find them on @ @albertandbearcandleco

Win a six-month supply of Super Ghee Worth £150! A here checklists.co.uk/win/superghee

Super Ghee is a flavoursome, lactose-free, healthier alternative to butter and cooking oils, that is handmade in small batches using organic butter from pasture-raised cows in the UK. It is an incredibly rich, creamy, and delicious jar of goodness, rich in CLA, vitamins A, E, and K, and can be anti-inflammatory*. Super Ghee is Ayurvedic, vegetarian, keto, and paleo friendly.

Elevate your food by using this ethical, grass-fed ghee as a spread, in your cooking and baking, or even to make a bulletproof coffee. With multiple flavours to choose from, this everyday versatile food staple will make you wonder why you didn't change over sooner

High quality, affordable CBD with Tier One

According to the founder of Tier One CBD: "As a member of the UK Special Forces, I spent 16 years pushing myself to my ultimate limits both physically and mentally. Following retirement, I suffered for years with chronic pain and underwent numerous failed surgeries from the injuries I endured during active service.

"The impact on my mental well-being whilst unable to get outdoors and remain active was unbearable. However, in 2019 I was introduced to CBD."

In a number of studies* CBD oil has been celebrated for its potential role in easing symptoms of many common health issues.

Since then, the Tier One mission has been to promote the exceptional benefits of their CBD and natural health supplements. Which in turn, is designed to help improve the quality of life for as many people as possible.

Higher echelons of Special Forces are known as 'Tier 1', so Tier One are built on being the best with the highest quality ingredients, made with real integrity. Tier One CBD donate 10% of sales to UK military charities.

Join Tier One as they make the elite accessible to all at tieronecbd.co.uk Use code CHECKLIST29 for a 10% discount and follow @tier one cbd

Sight loss needn't be your future

In the UK, every six minutes someone is given the devastating news that they are going blind*. For too many, sight loss remains incurable and unpreventable, and the prevalence of blinding eye conditions is on the rise, predicted to almost double by 2050*. The only solution is to invest more in new discoveries that can save sight in the future.

If you are reading this in your 40s, you will be glad of a cure for age-related macular degeneration or glaucoma in your 60s.

If your child has inherited a sight-threatening condition, rest assured that researchers are working round the clock to find a cure in time so that their sight can be saved. But they cannot do it alone.

Please donate today to help beat sight loss faster. Visit sightresearchuk.org/support to find out more.

Registered Charity No. 1156134. *Eye health and sight loss stats and facts (Royal National Institute of Blind People, 2018)

Eco-friendly yoga mats and customer-friendly service

They might be new on the block, but Ecological Yoga Mats are getting rave reviews all round. This e-commerce business was formed during lockdown by a Sussex based husband and wife team who are on a mission to bring eco-friendly, sustainable, fairly priced yoga products to the market, and they handpick their product range carefully. This duo know that customers make a business, and so great service is a key focus of theirs. Ecological Yoga Mats use 100% recyclable packaging, and a tree is planted for every order placed.
